- 🐇 It is with great excitement the Napoleons Enfield Landcare Group Inc., announce a presentation by expert “Rabbit Guru”, John Matthews.
- 🐇 John is the Biosecurity Manager for Established Invasive Animals at the Department of Economic Development Jobs Transport & Jobs (DEDJTR). He has a wealth of experience & knowledge in the industry. John is responsible for the coordination of the release of the new calicivirus strain, K5 across Victoria. He has been working with the Invasive Animals CRC and the many other stakeholders to develop, deliver and co ordinate the Victorian K5 release, and monitoring strategies for control.
- 🐇 The Napoleons Enfield Landcare Group Inc, proudly support & host John at this **free, public event**.
- 🐇 All landholders and any person caring for the natural environment are strongly encouraged to attend.

Thank you on behalf of the NELG, in anticipation of your assistance in advertising this event,

Sincerely,
